The object of Creative Arts Day is to provide an educational opportunity for Wood County 4-H youth. Through the performance arts, our youth can actively learn the presentation skills, which will be needed throughout their lives. They can experience the preparation of a piece of work for its own merit and to their own expectations. In the end, our youth can learn that competition does not have to mean racing one another for top honors, but rather, pacing one another on the road to excellence.

Please remember that we are lucky to have the opportunity to use the Pittsville Schools for our Creative Arts Day. Please, don't do anything to jeopardize us using this school or any school for that matter by stealing things or damaging school property. Respect the things and people around you!! Let's have a positive and safe Creative Arts Day 2017!!

Thanks to the 4-H volunteers, 4-H youth, parents, judges, donators, and Pittsville Schools for making Creative Arts Day a strong standing tradition and exceptional learning experience for Wood County 4-Hers.

University of Wisconsin, United States Department of Agriculture and Wisconsin Counties Cooperating. University of Wisconsin-Extension provides equal opportunities in employment and programming, including Title IX and ADA. Please make requests for reasonable accommodations to ensure equal access to educational programs as early as possible preceding the scheduled program, service or activity.
